### **Meet the Scott Process Equipment Engineering Sales Team at the Watson-Marlow Fluid Technology Group Booth #2833**

**INTERPHEX** Montrose, NY, April 17, 2018 --- Scott Process Equipment Corporation ([www.Scott4U.com](http://www.Scott4U.com)) is proud to announce that the Scott Process Engineering Sales Team will be at Interphex on April 17<sup>th</sup> – 19<sup>th</sup> at the Javits Center, NYC. Stop by the Watson-Marlow Fluid Technology Booth #2833

#### About Watson-Marlow Fluid Technology Group

The leader in niche peristaltic and sinusoidal pumps and associated fluid path technologies

Watson-Marlow Fluid Technology Group's accurate and hygienic liquid filling and peristaltic pumping technologies are used in various bioprocessing stages: media and buffer preparation; fermentation; harvest; purification; and fill/finish, ensuring complete security, compatibility and traceability. Watson-Marlow's new process pump range builds on a platform of precise, high purity peristaltic technology. The pumps' enhanced operator & control system interface contributes to improved validated process security. Visit us and witness a step change in TFF, VC and HPLC pumping to 20 LPM, with total flow linearity and no pulsation. Their new pump exceeds the performance of any other bioprocessing pump available.
